PROFESSIONAL SUMMARY

Full Stack Software Engineer with 5+ years of experience building production-grade web applications using React, Next.js, and Node.js. Experienced in owning features and resolving production issues for enterprise systems serving US clients. Strong collaborator in Agile, cross-functional teams.

PROFESSIONAL EXPERIENCE

Brillio | Software Developer (Feb 2025 - Present)

- Building and maintaining scalable full-stack features using React, NestJS, and SQL for a US telecom production system.
- Designing and implementing RESTful APIs and backend services with a focus on performance, reliability, and clean architecture.
- Collaborating with product, QA, and DevOps teams in an Agile environment to support CI/CD pipelines and production releases.
- Received direct leadership recognition for strong ownership and rapid resolution of a critical UI regression impacting a production system.

Brillio (via On Time Solutions) | Software Developer (Jun 2024 - Feb 2025)

- Contributed to enterprise web applications for telecom stakeholders as part of Brillio delivery teams.
- Developed reusable UI components and backend services with a focus on performance, scalability, and maintainability.

Tata Consultancy Services Ltd | System Engineer (Sep 2020 - Jun 2024)

- Developed MERN stack applications, enhancing system performance for a healthcare client
- Designed reusable ReactJS components and RESTful APIs using Node.js, Express, and MongoDB
- Followed Agile practices and DevOps workflows using Git and Jenkins

SKILLS

JavaScript, TypeScript, React, Next.js, Node.js, NestJS, MongoDB, SQL, HTML, CSS, Tailwind, Git, CI/CD, Jira
